EDUCATION

Scrimba Front End Career Path

TECHNICAL EXPERTISE

HTML, CSS, TailwindCSS, JavaScript, ReactJS, Figma, GIT, Object-Oriented Programming, APIs, Figma, Adobe Illustrator, Adobe Photoshop

PROFESSIONAL SUMMARY

As a front-end developer with a unique background as a house painter, I bring valuable skills such as attention to detail, time management, problem-solving, and adaptability to web development. I'm passionate about learning and staying up-to-date with emerging technologies and best practices. I'm dedicated to writing clean, maintainable, and scalable code that follows industry standards, and I'm able to work independently and collaboratively with strong communication and interpersonal skills.

SOFTWARE PROJECT EXPERIENCE

Elden Ring build planner

- Using the open-source Elden Ring API, making calls to pull game data.
- Using ReactJS to create logic and display the received data.
- Solving the issue of helping users determine their build path.

Musician Website

- Created and designed a website with Javascript, HTML and CSS.
- Using JS, HTML and CSS to create a landing page for a country musician.
- Solving the issue of helping the artist have a presence online.

Barber Shop Website

- Created and designed a barbershop website.
- Using ReactJS and TailwindCSS.
- Solving the issue of creating a presence online and using affinity for the booking system.

Random Password Generator

- Created and designed a random password generator
- Using Javascript to create logic and give the user 4 passwords to choose from. Allowing the user to choose between using letters, symbols, numbers or all three.
- Solving the issue of helping users create safe and secure passwords.
